Disparities Summit**

3 Days – 3 Conferences

Attend one, two or all three days.

NO REGISTRATION FEE but registration required

THE CULTURE OF DATA: MOVING FROM DATA TO IMPACT

Purpose: To discuss and understand how the collection and use of data can impact health policy and delivery of services to eliminate health disparities.

Keynotes: Tom LaVeist, PhD, Center for Health Disparities Solutions, Johns Hopkins University

Chris Urbina, MD, MPH, Denver Public Health

Contact: lorenzo.olivas@hhs.gov

WORKING TOGETHER: THE 2006 COLORADO HEALTH DISPARITIES CONFERENCE

Purpose: To increase local and state capacity to work with communities of color on reducing health disparities.

Keynote: Joseph Betancourt, MD, MPH, Center of Multicultural Education, Massachusetts General Hospital, Harvard Medical School

Contact: 303.692.2094, www.cdphe.state.co.us/ohd

MENTAL HEALTH DISPARITIES SUMMIT

Purpose: To build on existing work being done in Colorado to understand stigma, culture, and access to address mental health disparities.

Contact: 303.832.7844, www.csi-policy.org
